We still have the MultiRae Pro (B34313) that was used at Lard Oil. It was left behind when Nic and Maddison came by and picked-up the other equipment. Gary called about it and said that he asked Greg to check it out in your name. Do you want me to send it back today or would you rather I keep it here and use at United Production removal? I'm sure when it's planned, but it could save a little \$\$ in shipping. Using EPA's FedEx account, shipping without insurance is ~\$21/overnight and ~\$16/2-day, and it's an additional \$5.50 with \$1,000 of insurance; so, it's ~\$26 and ~\$21 for overnight and 2-day, respectively.

Let me know you want me to proceed. Also, did you find out any more info concerning the extent of the deed/title search for CSV Holdings?
